TRADEMARKS

Registration of one Trademark in one category in the United Arab Emirates

A) Document Required for Trademark Registration:

- A Power of Attorney (**we will provide the draft**), duly notarized and legalized up to the UAE Embassy (as the legalization costs have dramatically increased in the UAE, we recommend that the said document is executed as a general Power of Attorney in order to avoid the high cost of repeated legalizations). In case the applicant is UAE based entity, then we would only be requiring a notarized POA.
- A clear electronic print of the mark.
- A certified copy of the priority document, if priority is claimed.
- Information sheet (**download No. 2**)

B) Procedure for Trademark Registration:

- Once the application is filed, it will be allotted an application number and date.
- The first office action is expected within 4-9 months from the filing date.(the examination procedure).
- Once the application is accepted, it will proceed to publication in the trademark bulletin and two local newspapers.
- If no oppositions are filed within 30 days from the date of the last publication, the mark will proceed to registration.
- The certificate is issued within 3-6 months thereafter.

The official (AED 7500 approx.) and professional (AED 3500) total AED 11,000 for registration of a Trade Mark (in one class) is required in advance. The said fee does not cover further legal services if there is any objection and/or amendment from the Ministry and/or Authority and/or third Party.

Please note that all amounts due shall be paid without any deduction or bank charges, which shall be solely to the account of your client.

We would like to underline the fact that in the event all payments are not made in advance, we decline any responsibility for the consequences, which may arise in case of delay of transfer of the required fee for any reasons whatsoever, and therefore failure to meet the payment deadline set by the Ministry will result in automatic cancellation of the application.
